The Spiritual Life: How To Live It Every Day By Harold Klemp

"People all over the world ask how to navigate the perils and adventures of the spiritual life," says Harold Klemp.

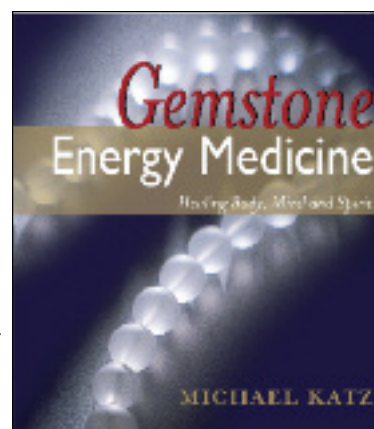

The spiritual life opens before you like a meadow rising gently up a hill to the crest. Or perhaps an ocean view with the sky the bluest blue. Beautiful to view as you, the awakening Soul, stand still before it. Immerse yourself in its fragrance, its adventure, its pure joy. Life is different when you step into it. You are different.

When you embrace the spiritual life, when you can hear the whisper of Divine Spirit in the wind and you welcome it into your life, your heart, you have protection. You see your life from a higher perspective with a deeper well of creativity, balance, and harmony. You will suddenly understand your place in eternity - that life ever endures. Such is the spiritual life.
