

The New Humans Second Genesis

International Second Place Winner 2017
As seen at the 2017 Frankfurt Book Festival
By visionary and futurist Charol Messenger

The New Humans is Book 2 of the award-winning “New Humanity” series, with all new Higher Self visions and predictions for now and to 3500 A.D.: a new antibody, cure for Alzheimer’s, cancer dismantled, E.T. contact.

The New Humans are solvers, in service to improve others’ lives. They are inventors, scientists, engineers, researchers, protectors, physicians, teachers, artists, healers, humanitarians, visionaries, innovators, intuitives—bringing new answers in science, technology, economy and education. They care for the children, the seas, and the oceans.

Though all about us is in chaos, we are actually in a magnanimous shift.

Death Is Not the End

Understanding the Transition Between Lives
By Ines Beyer

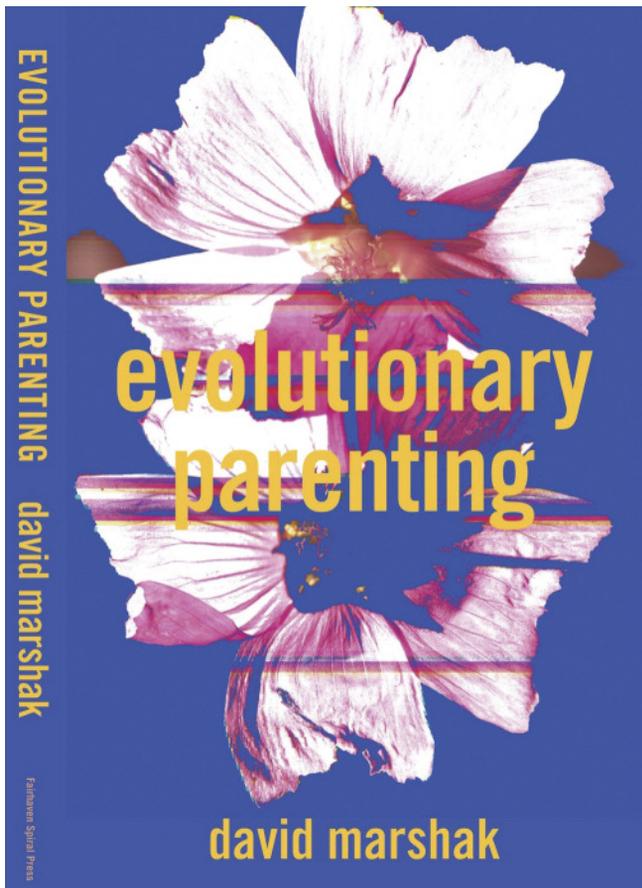

Gold Winner in Death & Dying of the Body Mind Spirit Awards

This award-winning book explores a different perspective on death based on research in out-of-body and near-death experiences. It is for anyone who contemplates the precious remaining time of their life, death or losing someone dear. “I welcome this new model and will use it in my work.” - Alan Hugenot, Ph.D.

A unique insight into parenting as a lever for the evolution of human consciousness

This book clears the lens and provides examples of how to model our parenting to a higher level of being...brilliant insights into how and what holistic parenting can look like today—Lisa McCarville

An exciting and inspirational read for any parent who wants to do their best to support their child holistically and fully... An eye-opening and heart opening book—Kate Hutchins

An amazing collection of case studies of families—Leahanne Hodges

Evolutionary Parenting shows that we can parent very effectively without being perfect ourselves. And as it turns out, what is best for our children also happens to be best for our own personal development—and the evolution of humans on earth—Chereen Dupuis
