Many have proclaimed *Thinking and Destiny*, Harold W.

Percival's masterwork, to be the most complete book ever written on man and the universe. Here you will find rare information about your true identity. With this knowledge, you will then have the potential to awaken your own inherent ability to understand all that constitutes existence. No authority other than your very own is needed to accomplish this.

OTHER PERCIVAL BOOKS

Man and Woman and Child In this book you will encounter rare information regarding your true identity—the conscious self in the body—and how you may break the hypnotic spell your senses and thinking have cast about you since childhood.

Awakening Gods Teachings From Beyond The Veil - Volume II By Jack Bentley

Newly released book in the
Teachings From Beyond The Veil series

Finally, life makes sense! The spirit world is explaining it all. The words in these messages are life changing experiences. Read the words and experience the changes in your life. Father is speaking; are you listening?

Once again, our Father is speaking to men and women who are prepared to listen. The incredible messages shared in these books will help anyone on a spiritual quest to find growth, enlightenment, and a greater connection with their deeper self who is the creator, Father, and sustainer of us all.

In this sequel to **The Last Enemy - Teachings Beyond the Veil**, Jack Bentley continues sharing the messages he is receiving from the Spirit World regarding spiritual ascension that will encourage you to seek your own truths directly from the Father of us all; from within your own consciousness; from within your own deeper self; from the anointing within – the Source of all-that-is. It will reveal a pathway for spiritual progress and lead you precept-upon-precept to the place of communion with the Source. This book answers ages old questions that may have heretofore, been ignored or hidden from you. Read as the author shares the experiences and truths he has received and shows you how to experience the same glorious relationship with the Source. You will find this book, as others have, impossible to put down.

Excerpt: "We are here to find out who and what we are, to find out of what we are capable. We have to know ourselves before we awaken to the omnipotent power that we are."
