## YogaMass

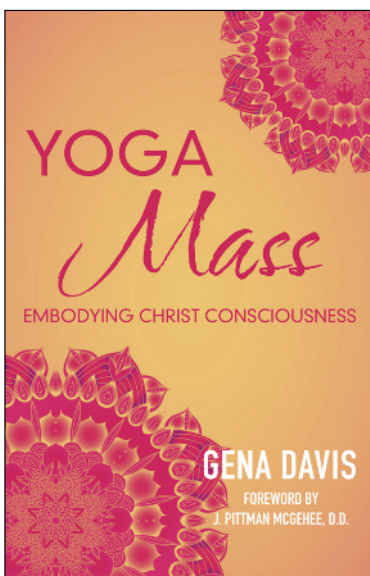

### Embodying Christ Consciousness

By Gena Davis

**YogaMass: Embodying Christ Consciousness** bridges yogic principles and practices with Christian spirituality as a path for bringing the whole self—body, mind, soul, and spirit—to the experience of spiritual awakening.

The author, an ordained Episcopal priest, weaves together spiritual practices from different traditions with her own discovery that yoga's ancient truths are complementary with Christian beliefs.

Blending yogic practices with Christian spirituality and worship, Gena Davis has co-created a powerful new practice and ritual called YogaMass® that leads to embodying Christ Consciousness. This book points the way to discovering wholeness and connecting with God through an embodied spirituality.
