Deep Theta

Brainwave Entrainment Music

By Steven Halpern

From the very first notes of Halpern's remarkable Rhodes electric piano, you can feel yourself shifting gears into realms of light and love. **DEEP THETA** presents some of the most spiritually uplifting music of Steven Halpern's illustrious career.

This breakthrough recording adds Aural-Sync™ entrainment technology to gently but effectively tune your brainwaves into the *theta range* (4-7 cycles per second). The theta state is associated with healing, deep meditation, creativity, and DNA activation.

Listen with headphones (and your 3rd ear) to appreciate the heart-opening harmonics and connect with the quantum field of infinite potential. A must-have for long-time fans and new converts!
