

Remember Who You Are

By David Icke

Remember 'where' you are and where you 'come' from. *Remember.*

This book is destined to transform the way vast numbers of people see themselves and the world – and it could not have been published at a more pivotal moment in known human history. We live in extraordinary times, and we face the most enormous challenge to our individual and collective freedom.

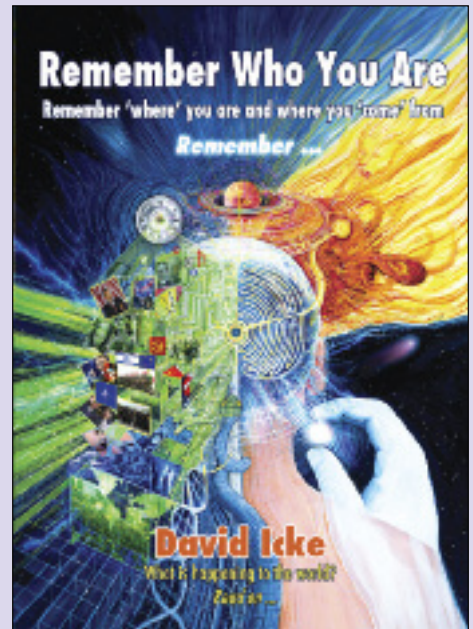

David Icke has been a trailblazer for more than two decades, warning of the coming global fascist/communist state that is now unfolding on the television news and in our daily experience. He was subjected to mass ridicule and called a madman – but events have proved him right, and continue to do so.

David has exposed the global network of families behind Big Banking, Big Biotech, Big Food, Big Government, Big Media and Big Pharma in book after book as his awareness has expanded – and he takes this on to still new levels of exposure in **Remember Who You Are.**

But David goes far deeper down the rabbit hole than merely our daily experience of the 'five senses'. He reveals the true nature of our reality where there is no 'solidity' or 'physical' – only vibrational, electrical, digital and holographic information fields that we decode into what appears to be a 'physical world'. David calls this the 'Cosmic Internet', and in this amazing work he explains how a malevolent force has 'hacked' into the cosmic information source via the 'Saturn–Moon Matrix' to feed us a false reality very similar in theme to the illusory world portrayed in the Matrix movie series.

Remember Who You Are breaks massive new ground as David connects the dots between apparently unconnected people, subjects and world events like never before. Suddenly, a world of apparent complexity, mystery and bewilderment makes sense.

To breach the perceptual walls of the Saturn–Moon Matrix and bring an end to mass human enslavement, we need to awaken to our true identity. Everything, but everything, comes from this. **Remember Who You Are.**

HUMAN RACE GET OFF YOUR KNEES THE LONG AWAITED NEW BOOK BY DAVID ICKE

Humanity is at a fork in the road and it's time to make a choice. Are we going to awaken to our true genius and potential as infinite consciousness? Or are we going to remain entrapped in the body/mind and the manufactured illusions of the Matrix?

One choice will give us freedom and potential on a scale we could not have thought possible, while the other will condemn us and our children to a global fascist/communist dictatorship on a scale that would make George Orwell wince.

His most staggering revelation is that the Earth and the collective human mind is manipulated from the Moon, which, he says, is not a 'heavenly body', but an artificial construct - a gigantic 'spacecraft' - which is home to the extraterrestrial group that has been manipulating humanity for aeons.

You cannot read *HUMAN RACE GET OFF YOUR KNEES* and be the same person you were when you picked it up. It is life-changing, reality-changing and its information, if acted upon, will set us free.
